DEVOTED TO THE INTERESTS OF GLENDALE

GLENDALE—
The CITY of HOMES

VOL. XVI GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., THURSDAY, NOVEMBER 4, 1920 55

IS NOW GLENDALE

GRAND VIEW DISTRICT ANNEXATION APPROVED BY STATE SUPREME COURT

The annexation of the Grand View District to Glendale is at last confirmed, after being contested for three years. The Supreme Court decision rendered on Nov. 1 upheld the legality of the proceedings in every respect. The grounds of the contest were that it was not urban territory as it was a part of the Burbank school district, both grammar and high. The Superior Court, before which the first proceedings were held, confirmed the legality of the annexation proceedings and now the Supreme Court upholds that decision. W. E. Evans, city attorney of Glendale, says that this decision is final and that the improvements long contemplated by the residents may now proceed with safety. That part of the decision involving the invasion of separate school districts is of state-wide importance, as other cities are similarly interested.

Birthday Dinner

Miss Dorothy Peart was the guest of honor at a dinner party given Tuesday evening by her brother and sister, Mr. and Mrs. Will Peart, at their home, 328 Mira Loma avenue.

Flowers carrying out the Hallowe'en motif were used to adorn the rooms where the guests were received, and the same seasonable decorations gave a festive air to the dining table, where places were marked for seventeen.

A large birthday cake with candles centered the table, the usual ring, thimble and dime were concealed within and caused much merriment when the cake was cut, and all in all, the occasion was one that will linger long in the memory of the "birthday-child," Miss Dorothy.

HOUSE SHORTAGE

BUILDING CONTRACTORS STILL BUSY, BUT MANY DEMANDS YET FOR HOMES

Glendale building contractors have done much to relieve the house shortage, many of them having erected 20 or more residences during the year past and inquiry of many of them reveals that nearly every one of these was sold before or immediately after its completion. In more than one instance, a house built with every "homey" convenience imaginable, for the occupancy of the builder and his family, has so charmed some Eastern man here to locate that he has been almost forced to sell it and he generally got the price he asked. In some cases what was deemed a prohibitive price was put on the property, but even that did not hold it.

With an average of 100 residences commenced every month for half a year and more, it would seem that there would be accommodations in plenty for all desirous of living in Glendale, but such is not the fact. The Evening News is constantly besieged with callers who implore us to direct them to some place they can rent, as they want to live in Glendale. Many of them expect to eventually buy.

Some real estate firms are offering to rent houses for owners of property without a cent of commission, hoping thereby to placate some importunate customer.

ELECTION ODDITIES

NAMES OF 13 INDEPENDENT ELECTORS WRITTEN IN ON ONE BALLOT

In one precinct an entire set of 13 electors for President and Vice-President were written in on one ballot under the head "Independent," so these had just one vote each. Harry P. Coker was given several complimentary votes for supervisor and Dr. Jessie Russell for Assemblyman, 61st district, the names being written in. Other names were written in for various offices.

One woman voting in precinct 6 was handed a ballot for the civic center proposition and when she was in the booth crumpled it up and threw it on the floor. Asked why she did not hand it in to be placed in the ballot box she said she thought that was simply some instructions on how to vote and she knew that as well as anybody.

The civic center bonds received a majority in all but two precincts.

Many voters refused to mark their ballots on some of the 21 propositions, but on a number of them the full vote was cast.

REORGANIZATION

FOR LOCAL CHAMBER OF COMMERCE DISCUSSED AT LUNCHEON YESTERDAY

At a noon luncheon at the White Inn yesterday, the Greater Glendale Development Association discussed a plan for the reorganization of the Glendale Chamber of Commerce.

James O. Stevenson, who has been engaged in the work of organizing and reorganizing chambers of commerce since 1908, was introduced by Roy L. Kent and addressed the meeting. Mr. Stevenson said that experience has demonstrated that the modern Chamber of Commerce which best serves its community is not the one that devotes itself to publicity and promotion work alone, but the one that so organizes and harmonizes the various elements that comprise its citizenry that their interests are as one.

This accomplished, cliques and factions which, naturally, are found in every unorganized community, lose their influence, and, to a large extent, even their excuse for being. The plan of such a Chamber of Commerce is to get each element, and each individual in that element, to do his part and to be so interested in doing it that there is no chance for criticism or friction.

The struggle frequently necessary in order to maintain the proper dignity of the Chamber of Commerce, in Mr. Stevenson's opinion, was largely to lack of confidence resulting from cliques within the organization, which condition tends to the fostering of jealousies and distrust; another reason for this struggle is insufficient dues to properly carry on the business of the Chamber.

Mr. Stevenson's idea in regard to the Glendale Chamber is that it should be organized for a period of three years with dues sufficient to amount to $25,000 in the three years. It would take him six or eight weeks to perfect the organization here.

Members present at yesterday's meeting were Messrs. Roy L. Kent, C. C. Cooper, A. L. Baird, T. W. Watson, A. T. Cowan, J. J. Huntley, A. W. Tanner, D. M. Hollister, D. L. Gregg, F. H. Vesper, L. T. Rowley, H. S. Webb, Lee S. Thomas.

The ideas of Mr. Stevenson were received with general favor, and a motion was made and carried that the Greater Glendale Development Association endorse the reorganization plan. Mr. Stevenson will take the matter up with the Chamber of Commerce and other organizations.

Ninety Next January

Samuel Parker of 115½ South Brand boulevard, who will be ninety years of age next January, was too feeble to go to the polls to vote Tuesday. Mr. Parker has always had clearly defined views as to the merits of candidates for office. His interest in the affairs of the nation, state, county and city was so great that he never failed to use his right of franchise, and this is probably the first time in his voting career that he has been unable to get to the polls to vote.

City Directory

Citizens are responding most gratifyingly to the requests through the Evening News that they promptly report to the office the names of all those whose names have been missed thus far by the enumerators for the new directory. Many were absent from home when the calls were made so there was no way of our getting the names. We hope this good work will be kept up. Remember no changes in address can be made after Nov. 15th.

PHOTOGRAPHER

HAS PURCHASED STUDIO HERE —HAS EXHIBITED PICTURES IN SALONS ABROAD

Ralph W. Brown, of Los Angeles, has purchased the Cooksey-McMullin Photographic Studio at 215 North Brand boulevard.

Mr. Brown has a national and international reputation for artistic photography, having had his photographic studies hung in the salons of London, Scotland, Toronto and Pittsburg. Most of these were pictures taken in the homes, a branch of photography in which Mr. Brown excels. Many people prefer this style of picture, feeling that the home atmosphere imparts a naturalness to the likeness which can be obtained in no other way.

Another branch of the art in which Mr. Brown excels is the making of children's portraits, a difficult task indeed, sometimes, with the very little folks, and one that requires great patience as well as skill in the art of photography.

EVERY STATE WEST OF ROCKIES FOR G. O. P.

(Special Service to Glendale Evening News)

SAN FRANCISCO, Nov. 4.—Every state west of the Rockies was safely in the Republican column today.

Arizona and New Mexico, the last two stragglers, which had been counted Democratic by most observers before election, turned in a majority for Harding and for Republican state and congressional tickets during the night.

In California, with approximately 1000 out of 6,177 precincts missing, Harding was approximately 300,000 ahead. Shortridge was leading Phelan for the Senate by about 50,000. The Republican congressional ticket had been victorious everywhere except the first and second districts where Lea and Raker, Democrats were elected.

JAPS TO START INJUCTION PROCEEDINGS

(Special Service to Glendale Evening News)

SAN FRANCISCO, Nov. 4.—California Japanese have announced they will start injunction proceedings against placing in effect the anti-Japanese program passed by Tuesday's election. The "New World," a Japanese newspaper, declared an attempt would be made to establish through the courts that the law does not apply to Japanese. The anti-Japanese amendment carried by about 3 to 1.

HARDING TO HAVE 401 ELECTORAL VOTES

(Special Service to Glendale Evening News)

NEW YORK, Nov. 4.—Virtually complete returns throughout the country showed that Senator Harding will have 401 electoral votes, with 127 for Cox. New Mexico's three votes were still doubtful today.

SCOTLAND VOTES "WET"

GLASGOW, Scotland, Nov. 4.—Incomplete returns from Scotland's prohibition election yesterday showed 146 districts continued "wet," 17 "dry" and 23 with "limited prohibition."

"Wets" were elated over early returns. Indications were that big industrial centers would remain "wet" except for a few wards.

A few sections voted in favor of a reduction of licenses.

The campaign was hard fought with Scotland "dry" workers aided by Americans, among them "Pussyfoot" Johnson.

NO AGITATION OVER ALIEN LAW

(Special Service to Glendale Evening News)

TOKIO, Nov. 4.—Although arousing great interest, no serious agitation has thus far resulted from the passage of the California anti-Japanese measure.

EIGHT YEARS OF G. O. P. ADMINISTRATION

(Special Service to Glendale Evening News)

NEW YORK, Nov. 4.—Judge Elbert H. Gary today said it was traditional that the steel industry is prosperous under Republican rule, and that he looked for eight years of Republican administration.

HARDING WINS N. M. BY 1500 VOTES

(Special Service to Glendale Evening News)

ROSEWELL, N. M., Nov. 4.—With scattered returns from more than half of New Mexico's 29 counties, indications are that Harding will carry the state by 1500 votes.

REPUBLICANS CLAIM VICTORY IN ARIZONA

(Special Service to Glendale Evening News)

PHOENIX, Ariz., Nov. 4.—With returns from ten counties out of fourteen complete, Harding was leading Cox by 4000 votes. Ralph Cameron lead Senator Smith by 6000. Governor Campbell was leading his Democratic opponent, Mitt Simms, by 5000. Republican headquarters claimed a clean sweep in the state ticket.

WOMAN ELECTED TO CONGRESS

(Special Service to Glendale Evening News)

MUSKOGEE, Okla., Nov. 4.—Miss Alice M. Roberston, Republican, has been elected to Congress from this district. She will be the second woman to sit in the Lower House.

Miss Robertson, aged 66, is a pioneer and former postmistress here. During the war she operated a cafeteria for soldiers and sailors, where they were given free meals. She has been active in state politics. She was vice-president of the state Anti-Suffrage Association before statehood.

NAMES MEMBER OF LEAGUE COMMISSION

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 4.—President Wilson has named Abram I. Elkus, of the New York Court of Appeals, as the American member of the League of Nations Commission to settle the Aaland Island dispute between Finland and Sweden, it was announced today at the state department.

PROFITABLE MEETING

MUTUAL BENEFIT READING CIRCLE HEARS SPLENDID ADDRESS; STUDY HOUR FOLLOWS

Of unusual interest and profit was yesterday's meeting of the Mutual Benefit Reading Circle, held in their usual place of meeting, the public library.

Mrs. Charles Hutchinson, president of the Tuesday Morning Club and state chairman of the Home Department of Education of the Congress of Mothers, in an inspiring address urged the formation of more such circles throughout the state.

Mrs. Hutchinson pointed out that the Congress of Mothers is the one avenue through which mothers are enabled to keep in touch with the social and moral issues of the day. Its importance she emphasized by calling attention to the fact that the Mothers' Congress is the only organization allowed to work with the public schools. We should urge all young mothers, she said, to join, in order that their children, while they are still young, may get the benefits of the influence of this organization on the mother.

This reading circle owes its existence to the zeal and enthusiasm of Mrs. Charles Toll, who organized it while Mrs. Hutchinson was state president of the Mothers' Congress.

The study hour of the afternoon was devoted to two chapters of the book the circle is reading, "Increasing Home Efficiency." These chapters dealt with the subjects "How Shall We Learn to Keep House" and "Training the Consumer," and the points were that we ought to learn to keep house in school, and that the housekeeper of today is a consumer rather than a manufacturer as the housewife of olden days might be called.

Beautiful art calendars containing quotations used by the circle throughout the last club year will be on sale by November 19th.

CHESS TOURNAMENT

SPONSORED BY RENDEZVOUS CLUB IS TO BEGIN TODAY— LOCAL FANS INVITED

The first of a series of inter-community chess tournaments to be given under the auspices of the Rendezvous Club, 903 Fair Oaks avenue, South Pasadena, will begin promptly at 3 p. m. today and continue daily at the convenience of the entrants until each player shall have played two games with every other player.

Though the tournament starts today entries will be received throughout the week, which will permit tourists as well as chess lovers from nearby communities to participate in the contest. The tournament committee wishes to stress the fact that this is not an exclusive club affair but an open community event and entries from beginners as well as average and advanced players are wanted. The players are to be classified according to strength.

The entries to date follow: G. R. Crump, H. C. Benbow, J. H. Sparks, A. V. Geldert, A. Blum, A. H. Smith, J. W. Peterson, E. Wilde, R. Walker, W. Miller, W. Avery, H. Lucas.

It is the purpose of the committee to make this contest the medium for a real rendezvous of inter-community chess lovers, and those who play the royal game but do not care to participate in the tourney are invited to bring their chess men and boards and fraternize at play with fellow fans present.

The club rooms will be open daily from 2:00 p. m. to 5:30 p. m. and from 7:30 p. m. until 11:30 p. m. Douglas H. Houghton, secretary of the club, will receive entries in person, by mail or by telephone.

"We want entries from Glendale" is the call of the club. "You beat our H. S. boys on the grid; can you beat our chess players 'over the board?'"

Special Meeting

Members of the Glendale Post of American Legion held a special meeting in their hall over the Bank of Glendale last evening to consider plans for the big parade on Armistice Day, November 11th.

Much enthusiasm in the affair was shown by the boys present. It was decided to have divisions for soldiers and sailors in uniform, also to have other divisions for members who could not wear uniforms. Automobiles will be provided for boys at Thornycroft sanitarium who are able to otherwise take part in the event.

Every fifteenth member was appointed a captain to notify fourteen other members to attend the parade. Captain Commander J. W. Nicoles was elected Grand Marshal of the day.

ELECTION RESULTS

TOTALS RECEIVED IN GLENDALE BY VARIOUS CANDIDATES AND MEASURES

Glendale's vote for President was as follows: Harding 3718, Cox 1043, Watkins, Pro., 180; Debs, Socialist, 192.

For United States Senator Shortridge received 2856, Phelan 1605, Edwards, Pro., 405; Elvina S. Beals, Socialist, 115.

The vote on Congressman for the 9th district was Van de Water 3140, Randall 1537 and Mary E. Garbutt 154.

John Robert White received 4147 votes for Assemblyman in the 61st district, Woolwine for District Attorney 3182 and Dodge for Supervisor 3130. None of these had opposition.

For Superior Court Judge, short term, Hartley Shaw received 2285 and Summerfield 1407.

The Civic Center bond issue carried by 3011 to 1455, just 101 more than the necessary two-thirds. The vote was adverse in only two precincts.

The Japanese exclusion act received 3590 for and 1361 against; the Prohibition enforcement act 2923 for and 1816 against; the chiropractic act 2466 for and 2042 against; the act prohibiting compulsory vaccination 2283 for and 2350 against; the act to prohibit vivisection received 1989 for and 2538 against; No. 12, to aid state university, had 2645 for and 1660 against; No. 16, in aid of common school system, 3109 for and 1277 against.

CREDIT WHERE DUE

CIVIC CENTER COMMITTEE THANKS THOSE WHO HELPED TO "PUT IT OVER"

We, the civic center promotion committee, wish to sincerely thank those who so ably assisted in winning the recent bond election. The men, women and young folks who so unselfishly and energetically gave their time are deserving of great praise, as it is doubtful if the bonds would have carried had it not been for their help in convincing the doubtful and instructing the uninformed. The churches, schools, lodges and clubs, as well as the local papers, gave the matte rdue publicity and the individual voter put the thing over.

It is the belief of the members of this committee that the money so willingly voted by the people of Glendale will be used wisely and to the lasting benefit of our city.

C. D. LUSBY,
W. R. PHELON,
H. M. BUTTS.

Doran St. P.-T. A.

The Doran School Parent-Teachers' Association held its regular monthly meeting at the school yesterday afternoon.

Mrs. Priaulx gave an outline of the work of the Mutual Benefit Reading Circle which meets at the public library on Wednesday mornings. Mrs. Hayward spoke on the Red Cross membership drive.

Mrs. Danford, librarian of Glendale public library, gave the principal address of the day, her topic being the use of the library, the benefits and opportunities it affords the city. She laid particular emphasis on the value of the children's library.

Refreshments of home-made cake and tea were served.

BUILDING INCREASES

MORE RESIDENCES BEING ERECTED, SOME LARGE, SOME SMALL

The first three days of November showed a constantly ascending total of building valuations. Yesterday's permits footed up an even $20,000 and were as follows:

Otto A. Oie, 6 rooms and garage, 469 W. California Ave.	$6500
H. A. Michel, 5 rooms and garage, 518 N. Isabel	5500
H. A. Michel, 5 rooms and garage, 416 Milford	4500
Edmund Ankewich, 3 rooms, 428 W. Stocker	800
J. J. Weeks, 4 rooms, 1134 E. Palmer Ave.	600
J. W. Crawson, garage at 1363 E. Colorado	500
S. A. Chase, addition, 1439 E. Wilson Ave.	500
Mr. Knight, garage, 1305 East California Ave.	450
Ralph Johnson, 3 rooms, 4th St., near Winchester Ave.	400
Milford Baxter, garage on Capistrano Ave., Selvas de Verdugo	250

Y. M. C. A. REVIVED

NEW HIGH SCHOOL AND INTERMEDIATE GROUPS ORGANIZED

Following the big summer camp of the County Y. M. C. A. the interest of the Glendale boys in the Y. M. C. A. Clubs is keener than ever.

There have been a number of groups started among the High School and Intermediate boys only and the boys of the other grades and schools are clamoring for "Y" clubs, but until a few more men get a vision of the great good they may render these boys through the county organization of the Young Men's Christian Association and will respond to the call for leadership, these boys will have to be denied their rightful privilege.

If you are a public-spirited citizen, if you are interested in the type of men who are to take your place, if you want to break up the town gang of loafers and street corner cigarette smokers, then here is the opportunity by getting next to a group of boys and giving them a vision of the high ideals of American manhood. There isn't a boy but wants to grow manly and true at heart; he doesn't desire to slack and shirk. He will follow a man at work or play if only the man will lead. Where are the men to lead today, sparing an hour or two, teaching the boy the game to play.

If you are interested, phone C. W. Ingledue, W. B. Kirk or David Black, who are some of the members of the County Committee, or the District Y. M. C. A. Secretary, Rex C. Kelley.

Distinguished Visitor

Mrs. Kara Smart Root, of 110 Olive street, was delightfully surprised a few days ago by a visit from an old friend, Mrs. Edward Gauntlett, of Tokio, Japan.

Mrs. Gauntlett is on her return trip from the world's W. C. T. U. convention in London last April, to which she was a delegate. She was also a delegate of the Japanese Woman's society to the great suffrage convention in Geneva, Switzerland, where she gave an address.

Mrs. Gauntlett is a lady of charming personality and a high degree of education and culture, being master of several languages. She was traveling interpreter for three years with Mrs. Root, when the latter was a White Ribbon missionary in Japan. Mrs. Gauntlett is also the mother of Miss Frances Gauntlett, who attended Glendale High School for the past four years and resided with Mrs. Root.

Visited Son

Mr. and Mrs. H. H. Wheeler, their daughter and Mr. Wheeler's sister, Mrs. Gleason, composed a party that motored to Bakersfield and Taft on Sunday, and returned to Glendale on Tuesday.

They were the guests in Taft of Mr. and Mrs. Wheeler's son, Donald Wheeler, who is the chief engineer in the Standard Oil Company's large gas plant which pumps the gas to Los Angeles.

ZONING COMMITTEE

MET IN REGULAR WEEKLY SESSION—THOUGHTFUL DISCUSSION ON VARIOUS POINTS

The Zoning Committee held its regular weekly meeting yesterday afternoon in the council chamber at the City Hall.

It was a lengthy session, members present discussing each point presented thoughtfully and in detail, as to the area available for industrial territory, commercial districts and residential sections. This discussion resulted in the making of several changes in the tentative map presented and explained by City Manager T. W. Watson.

City Engineer Hill was instructed to prepare a new map to be submitted at next Wednesday's meeting, embodying the changes decided on yesterday. Among these changes were a slight extension of the present industrial district, also a tentative plan in the present fire district number one, taking in Glendale avenue to Central on Broadway and California to the San Fernando Road on Brand boulevard.

At next Wednesday's meeting a report will be received from the Verdugo Woodlands Association expressing the views and desires of the residents of that district.

Those present at yesterday's meeting were Mesdames Anne Patrick Bartlett, A. A. Barton, acting secretary of the meeting, and Messrs. F. H. Vesper, chairman; C. W. Ingledue, L. T. Rowley, T. W. Watson, City Engineer Hill and Forester Marek.

Mosquito Story

The biggest big mosquito story of the season is credited to Fred Zavatkay, employed by the New York and New Haven Railroad Company at Winsted, Conn. With a party of friends he motored in his car to Riverton, three or four miles distant, on a fishing trip. He left his car near the village and upon returning from the brook, he noticed that a spare tire fastened to the rear of the car was literally covered with giant "skeeters." They all seemed to be in working order, too, because when Zavatkay had to use the new tire to replace a flat one on the way home he declared that he found it had been punctured by the huge mosquitoes.

It usually happens that the persons who are opposing a good thing are more persistent than the ones who are working for it.

The accused person who is found guilty never has a very high opinion of the judgment of the jurors in his case.

Highway Center Marks

That good old camp meeting hymn, "Keep in the middle of the road," has given away before the modern chant of the motorist, "Keep on your own side of the traffic line!" In order to insure that every driver shall stay where he belongs, the fashion of making lines of demarcation long suburban highways as well as in the cities is fast gaining in popularity.

The superintendent of the Marquette County, Mich., road board had a stretch of highway under his supervision which was the scene of many accidents. The road surface was good, the scenery fine, and a constantly increasing stream of traffic went over to the right, when once the city limits had been passed. Many collisions and accidents resulted. To remedy matters, eight-inch center lines of white were painted all along the road, with arrows pointing to the right where tourists turned into the highway, and along curves, where the tendency of the driver is always to hug the inside. The scheme was immediately successful. The autoist accustomed to city traffic signals recognized and obeyed them. Accidents have been reduced to a minimum.

The plan is simple and practical. A light line along a dark pavement or a dark line on the white surface operates not only as an immediate warning but as a habit-forming aid. Once the habit of staying on his own side of the road is well established, the driver will be influenced by it though the marking line be obliterated by wear or burned under the snow.

Might Go Too Far

Perkins was feeling decidedly queer; he couldn't get on with his work; he couldn't do anything. So he decided to pay a visit to the doctor.

"I don't feel up to the mark," he said to the man of medicine. "Can you give me a good tonic?"

With pursed lips the doctor surveyed him for a moment or two, and rising from his chair, remarked:

"Has it ever occurred to you that there's a great deal in imagination, Mr. Perkins?"

"Certainly, doctor," answered Mr. Perkins.

"Then go out of this surgery and imagine that there's nothing the matter with you. Come back in a week and let me know how you feel!"

The patient went, doctored himself and returned to the physician at the appointed time.

"Ah, ah," said the doctor. "You're feeling better now, I can see. Didn't I tell you there was a great deal of imagination?"

"That's true," said Perkins. "What is your charge?"

"Five dollars," said the doctor.

"Well, imagine you've got it!" said Perkins.—London Tit-Bits.

Displeased Either Way

Canadians have felt aggrieved because their dollar has been at a discount in the United States for a year or more. Now a Canadian newspaper views with alarm the report that many business houses in the United States are accepting Canadian currency at its face value. It seems to regard this as evidence that American business men are engaged in promoting a deeply laid plot against interests of Canada.

It is difficult to fathom the line of argument. In declining to accept Canadian dollars on a parity with our own were a well-founded cause of complaint, and it brought forth many protests; it would seem that a return to former conditions should be welcomed as evidence of the restoration of normal relations. But it is averred that it "signifies, not that traders making it are moved by kindlier feelings toward us, but that business has become dull with them and they find it to their interest to cut prices in order to make sales on this market. They are not showing respect to the Canadian dollar, but they are resorting to a new shift to capture the Canadian market."

From this it appears that Canadians were displeased when their money was discounted and they are not more pleased when that practice is abandoned. What would satisfy them? The real gist of the complaint seems to lie in that it is feared that Canadians will buy American goods. But they are in no way compelled to do so. Unless the price is satisfactory, it is presumed, they would not care to buy. No bargain can be made unless both buyer and seller agree.

The person who has settled down to loafing is a bigger nuisance than the worker who gets into police court occasionally.

One of the causes of trouble is that so many persons are trying to get more out of life than they are putting into it.

The average man will admit with becoming modesty that there are a few things in his life which might be made better.

When it costs more money for violating the laws of the land the nation will have more money for enforcing them.

It might as well be jazz as something else, for folks who take to that kind of thing will not be satisfied to live normal lives.

FOR OFFICE OR HOME

A Radiantfire is attractive as well as economical and effective.

Heat from

The Humphrey Radiantfire

has more penetrating and warming quality than heat from any other agency. You will notice this superiority as soon as you feel Radiantfire warmth.

Constructed on a new principle which enables you to have heat, from gas, available as you have light. It throws heat rays like sun rays into the room without any noise or odor.

Your choice for a fireplace, also in portable models.

Illinoisans Invited

Hundreds of splendid Illinoisans have chosen Glendale as their California home and will be glad to join with the other Suckers in social reunion occasionally.

The Loyal Illinoisans will hold jolly affairs the first Friday evening of each month in Forum Hall, 203 Mercantile Place, Los Angeles, and the Glendale Suckers will be very welcome. There will be a happy get-acquainted hour, popular program, followed by a social hour with dancing for those who care to. It will be a jolly informal evening and the Suckers will be glad to meet the old friends. Visitors and tourists will find a hearty greeting. The opening meeting will be Friday evening, November 5.

ROBERTS & ECHOLS

Personals

Miss Alice Frank of 1558 East Wilson avenue, started this morning for Dallas, Tex., to spend a few months.

The store room at 108 North Brand boulevard has been vacated, preparatory to being remodeled as a part of the Los Angeles Trust and Savings Bank building.

Mervyn Mills has sold his residence property on Louise, just north of the Christian church, and has bought a place on North Maryland. He will not move till December 1st.

The new electric shop in the Glendale Theatre building is now open for business. You will like Mr. and Mrs. Waeidelich when you get acquainted with them. The first advertisement of the new shop appears in today's News.

As an evidence that political campaigns do not engender ill feeling between representatives of parties, Assemblyman John Robert White, W. E. Evans and Alex Mitchell were passengers in the same automobile to Los Angeles, today.

Mrs. E. E. Gassran of Galveston, Texas, who came here to attend the funeral of her father, Dr. F. M. Linkogel, who died October 19th, has bought two lots on Riverdale Drive west of Pacific avenue and will build on both of them soon.

Fred B. Johnston, wife and children, who have been visiting in Glendale and Los Angeles, left Wednesday for Dallas, Texas, where Mr. Johnston will resume his work traveling as special blanket and linen salesman for Jno. V. Tarwell & Co. of Chicago. The Johnston family are special friends of Mr. and Mrs. A. L. Baird.

John Robert White and family, who have been living at 325 North Orange, since they returned from Hermosa a few weeks ago, have had to vacate on account of their lease having expired. They have moved into their two-story garage at 347 N. Orange, and will live there until the remodeling of their residence at the same number, which was greatly damaged by fire last Decoration Day, is completed.

A. J. Nielsen is moving from 113 South Central to a new house built on the rear of his lot at 466 West Harvard, but which faces on Columbus avenue, taking the number 210; E. J. Hoffman from 369 Burchett to 1107 East Wilson avenue; W. S. Halliwell from 603 West Broadway to Los Angeles. L. B. Mathews is moving into the house at 201 Burchett, Mrs. Pearson to 1256 Boynton, Martin Quai to 435 West Cypress avenue, J. A. Marvel to 116 South Isabel.

The following installations of electric light meters were ordered yesterday of the Public Service Department, signifying that new or remodeled buildings are about ready for occupancy: C. H. Huff, 627 East Palmer avenue; R. B. Ray, 347 West Palmer avenue; Mrs. Mason, 805 East Lomita avenue; John Robert White, 347 North Orange; Therese Byneldon, 508 Alexandria; B. R. Benson, 1220 East Harvard; Mrs. E. Baruch, 406 South Glendale avenue; E. W. Dunbar, 441 West Maple.

Evening News Popular

It is impossible to express in words the real popularity of the Evening News. Ninety-nine per cent of the residents of Glendale are enthusiastic boosters for the community daily that they say has done so much to assist in building up Glendale.

Just for a few days the carrier boys may not get started with their papers as early as they should, on account of hindrances caused by the installation of our new Duplex press. The new press is a gem and is a great addition to the Evening News equipment.

Bee Hives Stolen

C. E. Hutchinson reports the theft from his apiary near Glendale of eight stands of bees taken sometime within the last three weeks. He says that a number of beekeepers hereabouts have reported like losses in the past year or two, about the same number of hives having been taken in each instance.

The evidence points to the fact that the culprit was the same person in each instance and that the thief knows the country in and around Glendale. A small truck was employed in the raids.

They Are Effective

Manager Howe of the new Glendale Theatre, is convinced beyond all doubt that Evening News classified ads are effective. Last evening he advertised for a young lady "who is accustomed to handling money," and this morning he rushed into the office and exclaimed: "Please do not fail to take that ad out, for I have been besiege d with applicants." Whether you want a young lady who can handle money (as most of 'em can these days), or one who can handle a washtub or a sewing machine, or whether you want to rent or sell something, you can secure quick results through this same medium. Few papers in towns of Glendale's size carry as much classified advertising as The Evening News does.

The man who has money to burn is usually not fool enough to burn it.

THEY ARE GAME

COX SUPPORTERS FOUGHT TO THE LAST DITCH, BUT TAKE DEFEAT GOOD NATURED

One of the remarkable things about a national election is the fact that many on the side destined to defeat are fully as confident of it going their way as are those of the opposite persuasion. As late as 6:30 Tuesday evening, even after the big newspaper offices had announced by signals and told in bulletins that Harding's election was certain by a great landslide, there were adherents and admirers of Gov. Cox in Glendale who would not believe that such a thing was possible. They expressed themselves as absolutely confident that later returns would show a decided change, as had been the case in other years. They just could not and would not believe that their Jimmie could possibly meet defeat. When they had to give up, however, they were game, and took it good-naturedly, following the example of their leader in heartily congratulating the victors. That is the true American spirit. We fight hard during an election contest and often say bitter things that afterward are regretted, but when all is over we are all Americans and just as good friends as ever. Many of those who fought Harding's election by every means in their power will be among his strongest supporters.

ARMISTICE DAY

UNDER AUSPICES GLENDALE P.-T. A. PATRIOTIC CHAIRMAN HEADS GENERAL COMMITTEE

Glendale's P.-T. A. Federation is sponsoring and fostering the local Armistice Day celebration which is equivalent to saying that the success of the affair is assured in advance.

The meeting of the general committee last night at the intermediate school was in charge of Mrs. W. M. Crawford, patriotic chairman of the P.-T. A. Every organization in Glendale had been asked to send delegates to this meeting and there was a splendid representation.

Ably generalled by Mrs. Crawford, the heads of the various divisions on publicity, decorations and other arrangements are working enthusiastically and will be able to publish some of the details of their work in a few days.

A great civic parade is planned for the morning of Armistice Day and the last shot fired in the war will be memorized at eleven o'clock.

Mrs. Crawford and her committee urge general interest and a large representation in the parade. A large procession of citizens in automobiles is expected.

A final meeting of the general committee will take place on next Tuesday evening at the Intermediate school.

Safety in Moderate View

The people of the United States have waited for nearly two years, since the formal signing of the armistice and ending of the world war, to realize a readjustment of economic and related conditions which were brought about by the exigencies of carrying on the war.

Now that industrial and other conditions point to a return of conditions which should obtain under peace, there is a mixture of pessimism and optimism as to the outcome. The pessimism comes mostly from those persons who are most interested in the maintenance of artificial values in commodities and wages.

The producers of food products are the first to be affected by the lowering of prices, but the consumers are slow to receive the benefits which should come from such reductions. The lower cost of wheat is not reflected promptly enough in the decrease in the cost of bread to the consumers.

Several weeks will be required, perhaps months, before the prices of commodities can be adjusted. Wheat and other farm products, raised under the higher costs, must be sold in many cases at a direct loss to the producer. Merchandise bought under inflated prices will be sold by many dealers at a sacrifice.

In spite of the sympathy that is expressed for persons who, not having engaged in profiteering, stand to lose heavily in the readjustment of prices, it must not be forgotten that the masses of the people—the ultimate consumers—have paid out many millions more for products than they should have been asked to pay. Something in the way of more favorable prices is due them.

This is no time for pessimism in the United States. The nation is simply trying to get away from the unhealthy conditions brought about by the inflations of the war, and considerable losses—some of them paper losses—must be sustained before the readjustment to more favorable industrial and mercantile conditions can be realized.

Every man has his own ideas of getting back to normal, and it usually means having a lot of things his own way.

A 50-cent dollar is probably as good as any to persons to whom its only use is to be spent.

The chair will entertain a motion to make the election of Harding and Coolidge unanimous.

Coast to Coast Trip

(By United Press)

ZION CITY, Ill., Nov. 4.—From coast-to-coast in 26 hours is the aim of Albert W. Lawson, aeroplane manufacturer, who has under construction what he considers the present "last thing" in airships.

According to Lawson, it will be everything desired in comfort and speed.

"The new ship will have a speed of 120 miles an hour," said Lawson. "She is equipped with tanks which carry 600 gallons of gasoline on the regular trips of twelve hours each, but in case the airliner should need to make a flight of from 24 to 36 hours' duration, auxiliary tanks could be placed on for such purposes.

"The new ship could go into the air at San Francisco at 4 p. m. Monday and not come down until she arrived in New York City on Tuesday evening at 6 o'clock or thereabouts."

The new airliner, which Lawson believes will surpass the German type of Zeppelin and the R 33 and R 34 turned out by Great Britain, is having the finishing touches put to it. It is expected to take the air shortly. A rich cream color tint has been put on the ceiling and the upper half of the walls of the ship. The lower half is green and the floor is covered with rugs. Trimmings are in walnut. Berths are draped with hanging folds of rich green drapery that matches the general color scheme. The bathroom is in pure white.

One-Teacher Schools

The little red school house has a new name and new equipment which are intended to restore it to its rightful place of dignity and accomplishment in the rural community and in the educational life of the nation. It is now called the one-teacher school.

A description of one such school building comes from Rockwood, Me. This is a new school erected by the state. It contains "a main school room with a bank of windows, a domestic arts room, a boys' work room and a small wood room. There is a stage in the main room, and the building will serve a double purpose, that of a school and a community center. It has all the latest conveniences of movable seats, fine maps and a desk for the teacher.

Students in this school are fitted to enter the nearest high school, twenty miles away.

Another school of this new type is located near Kirksville, Mo. In this case the little old district school has been remodeled. A few years ago the building was a battered structure, surrounded by weeds in summer and mud in winter. Its pupils were not educated very well, and it didn't help the community at all. Today that building has a fine basement room for club meetings and community gatherings. A modern heating system, running water and a telephone have been installed. A teacher's cottage is maintained near by. A well-equipped playground and an agricultural experiment plot are further innovations. A school-owned bus gathers up pupils in the morning and takes them home again after school.

Such a school can do wonders for the district in which it functions. Any community which has awakened to the educational needs of its growing children sufficiently to give this modern equipment to the district school should be also ready to pay the teacher an attractive and satisfactory salary. It is a policy which will mean progress in the country school and the solution of many rural problems.

Check on Milkman

With the aid of an apparatus recently devised by Julius Horvet of the Minneapolis dairy and food commission, it is going to be possible within the space of a very few minutes to state just how long the wily dealer in trick milk has worked the pump handle, or allowed the product of the dairy to remain unprotected in the April showers.

The cryoscope, as the new apparatus is called, works on the basis of the difference in freezing point between water and milk; and it will determine infallibly whether the consumer is receiving pure milk or watered milk, or pure water to which a little milk has been added.—James Anderson, in Scientific American.

PLAN A. A. U. FIGHT

CONDUCT OF AMERICAN TEAM AT OLYMPIC GAMES UNDER FIRE

By HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, Nov. 4.—"Putting the shot" seems to be one of the events left off the card for the annual meeting of the Amateur Athletic Union in New Orleans Nov. 14, 15 and 16.

Being an annual indoor get-together of the non-participating "athletes" of the nation, the "shot put" should not be listed, but from the rumblings among the athletes several big shots will be hurled in the direction of the organization.

From an informal organization of the athletes formed during the Olympic games in Belgium this summer, a committee probably will be sent to the Gulf City meeting to demand a thorough house cleaning of the organization.

Nothing definite, however, has yet been announced by the committee of athletes which includes Norman Ross, champion swimmer; Ted Meredith, Middle distance record holder; Dick Remer, Walker and others.

The athletes seek first the elimination of politics, which seethed at the Olympic games, and the injection of some business methods in the organization. They may also present the resolutions signed on the Princess Matoika, which severely criticized the Olympic committee and the A. A. U. Although this petition was presented in Antwerp, it was never recognized on the grounds that it was not "officially presented."

Norman Ross, head of the athlete's committee, at that time sought to learn how it could be "officially presented" without avail.

The business of the annual meeting will consist of election of officers and the awarding of forty-eight national championship meetings for 1921. Contrary to the usual custom, the national senior track and field championship has been awarded to Pasadena, Cal., in advance of the meeting. This was done to allow the Pasadena committee to go ahead with elaborate plans for the "best meet in history," which is to be a feature of the annual "Tournament of Roses."

Applications from various organizations for the other championships must be in the hands of the A. A. U. before Nov. 10. The events will be awarded to selections from the list of applicants.

If Fred W. Rubien, secretary of the organization, should choose this meeting as the occasion for the threatened expose of the conduct of some of the athletes during the Olympic games, several verbal bouts of more than the amateur three-round limit may be staged. When Rubien made his threat recently, the athletes defied him to come out with his charges and he has since maintained silence.

Outisides of the athletes' ranks, there is a general desire to see some new young faces in the organization directing amateur athletics. The A. A. U. has been slipping fast in recent years. Much of the success of America in the next Olympic games depends upon a shake-up in the union. If conditions are allowed to go on as they have been, America may expect to have some serious reverses in the next Olympics.

Immigrants in Cities

It is estimated that during the six months ended with September not less than 600,000 immigrants entered the United States from Europe. They came from Italy, Poland, Spain, Portugal, Greece and some from Ireland and Great Britain. The total immigration for the present year will exceed 1,100,000, a figure which has been exceeded only three times in the history of the nation.

The danger to the United States is principally in the fact that these immigrants are pouring into the industrial centers, where there is already an overcrowded condition that is creating the utmost concern. Most of them will be taken into the homes of friends, and the congestion in the cities will be aggravated.

The government, through the immigration bureau, would render a service to these newcomers and to the country generally if many of the immigrants could be placed on farms, thousands of which have been abandoned because of lack of persons to cultivate them, or sent to farmers as helpers in agricultural work.

Many of the immigrants are experienced in farming and gardening, and they should be able, within a short time to adapt themselves to the methods of agriculture followed in the United States. Few of them are skilled enough to take their places in the great industries at wages that would maintain themselves and families in the cities.

If the production of farm products in this country is to be maintained at the maximum, it is evident that attention must be given to inducing the immigrants to consider turning their way into the rural districts, instead of to the crowded cities.

There are indications that industrial employment will lose some of its attractions before many months. The high wages of skilled and unskilled workers can not be maintained if the United States is to compete in the markets of the world. The drift from the rural districts to the cities is abnormal, and the tide may turn when city life loses some of its attractions in the ability to earn money easily.

Pupil and Teacher

(By United Press)

CORVALLIS, Ore., Nov. 4.—Teacher in the morning and pupil in the afternoon—that is the double role which is being played here by Miss Gladys Kies, of Vancouver, Wash., senior in the home economics department at the Oregon Agricultural college.

Miss Kies is an instructor in kindergarten work during the forenoon and goes to her sociology, bacteriology and other "ology" classes at the college after lunch. Being an expert cook, Miss Kies assumes a third role whenever the cook at her sorority house is ill, or on a strike.

The mother who used to rave when dad went to the "Black Crook" show now sends daughter out on the street with less clothes to cover her charms than the actresses then wore.

President Holler, of Oriental University, whatever that is, of Washington, D. C., announces that he will vote for Eugene V. Debs. The support of Holler ought to be cheering news to Debs.—Philadelphia Inquirer.

If Lenine and Trotzky do not lose their heads when they lose their jobs, where under the sun will they be suffered to take up a residence?—Providence Journal.

EDITORIAL COMMENT

WANTON DESTRUCTION DEPLORED

Everyone likes to see boys and girls enjoying harmless fun and wholesome amusements. There was a good deal of this kind of sport in Glendale Hallowe'en and, it is to be regretted, some that was not harmless and wholesome. Respect for other people's property should be a part of every boy's education. He should be taught that those who deliberately and ruthlessly destroy are taking a course that is extremely dangerous and may lead to serious consequences.

One Glendale real estate man says his firm was put to at least $100 expense to restore signs that were deliberately defaced and destroyed on Hallowe'en. That there are boys in Glendale who seek their fun in this way is deplorable.

Reports from the neighborhood of Burchett Street say that considerable damage was done there by hoodlums who tore down fences and destroyed porch plants. The man who makes this complaint writes: "One of the strong points made when we were asked to annex to Glendale was that we should have police protection. We have not seen a policeman in this neighborhood since we annexed. Something should be done to curb the destructive tendencies of these hoodlums and not allow them to trespass on and destroy property."

WHY COAL IS HIGH

In no branch of business has the middleman evil played a more mischevious role than in the coal business. It is his profiteering, more than the dealers' and operators' profits and miners' increased wages, that is responsible for the high prices that consumers have been paying in most American communities.

This fact was brought out clearly in the recent conviction of bituminous operators in Cleveland. Most dealers buy their coal from jobbers. Mine operators sell most of their product to jobbers. These middlemen have been virtually cornering the market and charging dealers what they please. Dealers in many cases may have levied undue profits themselves. Operators have been to blame, often, for selling to jobbers at more than the established price for their product at the mouth of the mine. But the biggest addition is declared to be that of the jobber himself. Frequently consignments of coal have changed ownership several times en route from the mine to the city coal yard, with some middleman every time taking a liberal toll.

The operators promise to cooperate with the Department of Justice in restricting these depredations. It is uncertain, though, how far the law can go in the matter. It is likely that the most satisfactory immediate results could be obtained by greater cooperation between the operators and the dealers. If the former are sincere in their professions of desire, to protect the consumer, they should refuse to sell to middlemen, regardless of their bids, when it is possible to do business direct with the retailer. And if the retailers are sincere, why can they not unite to take the operators' product direct, at uniform prices, thus freezing out the unnecessary and speculative middlemen? Such cooperation in many instances would save the consumers several dollars a ton.

So far as the public is concerned, the important thing is to get clearly in mind the fact that present coal prices are unnecessary. If the public protests loudly enough, the authorities, operators and dealers will find a way to lower them.

SUGGESTS WILSON RESIGN IMMEDIATELY

WILLIAM JENNINGS BRYAN WOULD MAKE IMMEDIATE DRASTIC CHANGES IN CABINET

(Special Service to Glendale Evening News)

CHICAGO, Nov. 4.—William Jennings Bryan, here today, suggested that, as a result of the election, President Wilson should resign immediately allowing Vice President Marshall to assume the office.

Marshall, Bryan said, should appoint President-elect Harding as Secretary of State, and then also resign when Congress meets in December in order to allow Harding to start carrying out his program immediately.

The laws regulating succession to the presidency would put Harding in the president's chair if the program was carried out and Marshall resigned.

"The people voted against the Wilson league and for the Association of Nations, endorsed by the Republicans," said Bryan in an exclusive interview with the United Press.

"It would seem proper therefore, that the president accept that verdict and aid in carrying it out by resigning at once."

FOUNDER OF VENICE DIES

(Special Service to Glendale Evening News)

VENICE, Cal., Nov. 4.—Abbott Kinney, pioneer and founder of Venice, died shortly after 6 o'clock this morning from cancer of the lungs. He was aged 70, and is survived by a widow and six children. No funeral arrangements have been made.

INVESTIGATE CONSPIRACY CASE

(Special Service to Glendale Evening News)

INDIANAPOLIS, Nov. 4.—Federal Judge A. B. Anderson will investigate the connection of Attorney General A. Mitchell Palmer with the conspiracy case against 125 coal operators and mine workers in open court when the case is called for trial next Monday, November 8, the court announced today.

Judge Anderson requested the clerk of the court to advise Palmer the investigation would be made so that the attorney general might appear in person.

OKLAHOMA JOINS REPUBLICANS

(Special Service to Glendale Evening News)

OKLAHOMA CITY, Okla., Nov. 4.—Oklahoma has joined the Republican landslide for the first time since it became a state. Harding's plurality on the basis of present returns was expected to be 10,000. J. W. Harrold, Republican, has been elected to the Senate over Scott Ferris, Democrat.

An American Indian in California is the owner of a bee ranch of 900 stands that produced 33 tons of honey this season.

The Hero of Liege

How many people, whose eyes stung with tears at the accounts of the Belgian defense of Liege in the early days of the war, either saw or heeded the obscure news items which chronicled the recent death in Liege of General Leman, who led that famous defense?

It was at Liege that the German hordes received the first great check to their progress, a check so little in accordance with their preconceived notions and plans that the wonder of it remains with them still. General Leman was governor of the city at that time. Promptly he changed his civilian garb for that of the soldier and led his fellow citizens in a stand of supreme courage and mighty importance. It was the delay at Liege which gave the Allies time to mass troops and supplies resulting in the first great German defeat at the Marne, and which altered irrevocably the whole course of the German plan for conquest.

It seems only fitting that citizens of nations already reaping the benefits of these acts of heroism and unselfishness should pause long enough in their peace adjustments to pay a tribute of respect to the heroes as they pass, and to consider whether the peace that they are arranging is one which shall endure, and is in keeping with the sacrifices which were its price.

Gets the Cocktail Habit

(By United Press)

LONDON. (By Mail.)—London has adopted the cocktail habit and no establishment is now considered complete without an "American bar."

The habit has specially caught on with women and in the Ritz, Carlton, Piccadilly and other well-known West End restaurants diners come early and spend a preliminary half hour chatting over an "aperatif."

Nearly every Englishman now has a particular "shaker" he swears by. At the American Club, Collins, a colored man is declared to be the London champion shaker, but those who frequent the Royal Automobile Club bar speak reverentially of "Nick," who is renowned as "a great artist."

You cannot judge a man by his clothes, but it is easy to estimate a woman by her facial adornments.

A fellow who loudly proclaims that money isn't everything seldom reaches that stage until he has plenty of it.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES

ACTION BROUGHT IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES AND THE COMPLAINT FILED IN SAID COUNTY OF LOS ANGELES, IN THE OFFICE OF THE CLERK OF SAID SUPERIOR COURT.

BELLE BROOKS, Plaintiff,
vs.
WILTON W. BROOKS, Defendant.

The People of the State of California send greetings to Wilton W. Brooks, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Los Angeles, State of California, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or said plaintiff will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal of the Superior Court of the County of Los Angeles, State of California, this 20th day of August, A. D., 1920.

(Seal) L. E. LAMPTON, County Clerk.
By RUGBY ROSS, Deputy Clerk.

EVANS & PEARCE, Attorneys at Law, Suite 1007 Van Nuys Building, Los Angeles. 5512

CERTIFICATE OF PARTNERSHIP

GIVES WIFE GLYCERINE MIXTURE

A retired merchant whose wife suffered for years from catarrh of the stomach finally gave her simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka. ONE bottle produced great results. Because Adler-i-ka acts on BOTH upper and lower bowel it removes all foul matter which poisoned stomach. Relieves ANY CASE sour stomach or gas on stomach. Often CURES constipation. Prevents appendicitis. — Roberts & Echols, druggists.
